

EFTA-TIC

9th Meeting of Trainers

The EFTA-TIC Board is pleased to announce its next Meeting of Trainers which will take place in **Belgrade, Serbia on September 25th-27th, 2015.**

This will be the 9th in this unique series of popular gatherings that bring together experienced trainers in systemic psychotherapy and practice from all corners of Europe and beyond. It will take place in Belgrade, Serbia at the Faculty of Media and Communications.

The conference is organized by the EFTA-TIC Board together with the local hosting institute - the Association of Systemic Therapists. We are very grateful for their offer to host our event.

The theme for this year's meeting is:

EMBRACING NEW KNOWLEDGE - TRAINING FOR INTEGRATIVE AND INNOVATIVE SYSTEMIC PRACTICE

The meeting provides a platform for learning and exchange between systemic teachers, practitioners and researchers using concurrent small, interactional workshops. There are short plenaries where brief workshop reports are given. The event is designed to maximize networking and interaction.
